EXPERIENCE

Upwork
JULY 2018 - PRESENT

Freelance Front End Engineer / Designer
- Translated Figma designs into interactive and responsive Vue and React components.
- Developed dynamic background animation components.
- Implemented ADA accessibility features, ensuring compliance.
- Consistently delivered high-quality work under tight deadlines.

OL Print
MAY 2019 - DECEMBER 2019

Graphic Designer
- Collaborated with clients and the printing team to create custom graphics.
- Produced artwork and layouts for print and digital collateral, including signage, banners, posters, T-shirts, and flyers.
- Achieved a 95% client satisfaction rate.
- Met all project deadlines and maintained scope compliance.

PROJECTS

Kitchen Pal
2024 - (IN PROGRESS)
- Developed a web app that helps users generate, store, and manage their favorite recipes with ease.
- Users can add, remove, search for products and let AI generate recipes.
  Technologies: Next.js, React.js, MUI, Appwrite, Google Generative AI.

Interview Deck
AUGUST 2024
- Developed a tech interview prep platform using Next.js with Stripe for payments and Clerk for authentication.
- Designed a responsive UI with Material-UI and Tailwind CSS, deployed on Vercel.
  Technologies: React.js, Next.js, MUI, Groq API, and Firebase.

Wanderlust Nomad
2023 - (IN PROGRESS)
- Designed and developed a travel planning app using Vite.js and Vue.js Composition API.
- Utilized a flexible JSON-based data structure to ensure adaptability and future integrations.
  Technologies: Vue.js Composition API, Vite PWA Plugin.

Kittens World
FEBRUARY 2023-(IN PROGRESS)
- Created a website for cat enthusiasts with Vue.js and Tailwind.
- Integrated the Cat API to display a gallery of feline images and breed information.
  Technologies: Vue.js, Tailwind CSS, The Cat API

OPEN SOURCE CONTRIBUTIONS / HACKATHONS

Headstarter AI - Software Engineer Fellow
JULY-AUGUST 2024

Software Engineering
Developed 5 AI-driven applications, utilizing Next.js, FastAPI, and Python.

Tech Jobs Hackathon Bari By TomorrowDevs
MAY 2024

Frontend Development
Designed and built UI of the project, using Open Trivia DB API

Tech Jobs Hackathon Firenze By TomorrowDevs
APRIL 2024

Frontend Development
Developed and implemented UI components with React.js.
